Denver, Colorado 80202-2466**

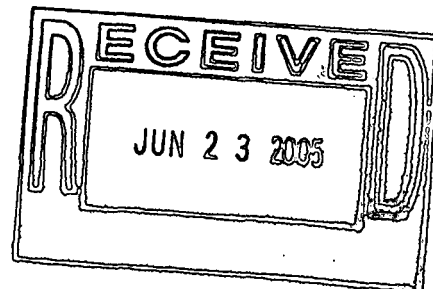

**Dear Mr. Gunderson and Mr. Aguilar:**

As we discussed at the Rocky Flats Cleanup Agreement Project Coordinators (RFCA PC's) meeting on June 2, 2005, I am writing to confirm our mutual understanding regarding the data set that will be used for preparing the Rocky Flats Environmental Technology Site (RFETS) Comprehensive Environmental Response, Compensation and Liability Act Remedial Investigation/Feasibility Study Report, Proposed Plan and Record of Decision. Appropriate characterization data and confirmation data collected on or between June 28, 1991, and July 31, 2005, will be used as the data set for each of these documents. Because remedial activities at RFETS are also being conducted under the Resource Conservation and Recovery Act (RCRA) and the Colorado Hazardous Waste Act (CHWA), the same data set will also satisfy the RCRA/CHWA requirements for a RCRA Facility Investigation/Corrective Measures Study Report and Corrective Action Decision. Should project-related issues necessitate any minor deviations from this plan, these will be resolved and documented by the RFCA PC's using the consultative process.

**If you have any questions or comments, please contact me at (303) 966-6246.**

Sincerely,

**John J. Rampe, Director**  
**RFPO Closure Project Management**
